2025/1229/T	Peter Hodgman	22 Jeffreys Street London NW1 9PR	04/04/2025 12:00:03	COMMNT	<p>I note that although the tree identified as T3 appears on the map and in one of the photographs included with the application, the application does not state that any work is intended to be done to T3. This is as it should be. T3 is the most beautiful tree in the immediate neighbourhood and should in my view be be left as it is.</p> <p>Subject to the above , I have no objection to the work proposed to T1 and T2.</p>
