2025/1375/P	K Berzins	4 Dartmouth Park Road	06/04/2025 14:57:03	OBJ	<p>I am very disappointed in the new application for replacing Lamorna with a block of flats. The proposal is unsympathetic to the existing houses in the street in its design, bulk, fenestration and general imposing and dominating appearance, and in a Conservation Area where attempts to preserve the historic character and ambience has always been of such importance, to give planning approval to such a building would be controversial at best.</p> <p>There are various anomalies in the documents - for example, the heights of existing buildings are erroneous. My house is 4 storeys (including a half basement), not 5 as stated.</p>
