Subject: Re: Application 2025/1301/P

[REDACTED]

Dear Planning Team,

I am writing in regards to the application number 2025/1301/P about converting the sandpit and picnic area in Cantelowes garden into a pay-to-play padel court.

I am very disappointed about this plan and strongly object it.

As the mother of two young children, I can tell you we have used the sandpit innumerable times. We've made friends in the park and had picnics in the summer. It's been a lovely way of creating a sense of community amongst families of young children.

There is a general lack of spaces where children can play outside safely in London and replacing this with yet another pay to play area doesn't seem a great idea.

I really hope this plan will not go ahead.

Yours faithfully
