2025/1137/P	Laura Phillips	nw3 4qb 38 Ornan Road First Floor Flat	10/04/2025 20:21:53	OBJ	The erection of another storey will block the sunlight to my property. It will also cause significant disruption and noise pollution to us. The house was only recently rebuilt with significant disruption to our lives. In the last 5 years we have had to endure next door and 41 with significant renovations. I strongly object to this planning application due to the negative impact it will have on my hike and my family.
