2024/5482/P	Katie	48 Holmdale Road	15/04/2025 06:40:46	OBJ	I am objecting to this submission. It will create a huge amount of disruption and noise to family's lives (mine included)at a time of year where we will shortly need our windows open during the day ; I work from home, as do many others in the areas this effects , multiple bays will be suspended on a street where it is a struggle to park anyway . The modern facade planned is also not in keeping with the area. I also don't appreciate that the notice was put on a completely different street to where the work is being completed, as such many that this application will affect will miss the chance to object
