2024/0993/P	Mr Harry J Heartfield	26 Litchfield Street London WC2H 9TZ	15/04/2025 12:57:33	PETITNSU PP	<p>Dear Sirs,</p> <p>I am writing to support the proposed planning application. Having a Grade 2 Listed theatre slowly deteriorating is a blight on the local area.</p> <p>The proposed scheme will bring the building back to life - helping support local jobs, providing a boost to GDP, and the landscaping package will also improve the local environment.</p> <p>I am firmly in favour of the planning application.</p> <p>Kind regards,</p> <p>Harry Heartfield</p>
2024/0993/P	James Bremner	14 Walpole road Haringey	15/04/2025 10:12:38	SUPPRT	A wonderful building that would be gloriously restored to house an iconic experience for Londoners and Tourists to enjoy. Creating more jobs, Investment in the area and enhancements to public spaces surrounding it. Clearly this takes some work to complete but I strongly believe the net gain is there for all to see. I would be thrilled to see this delivered and support the strong and increasing Entertainment, F&B and Culutral offerings London is world famous for.

As a local there could be opportunities to receive discounted tickets as well as free tickets which I personally will be taking advantage of. It is an immersive experience which is exciting to have locally especially when there aren't many experiences like this close by. Overall really excited for this project, not only will it be a theatre but it will have lounges where I could go work and have my meetings.

I am thrilled that Yoo Capital are investing in the Saville Theatre, and brining to life a space that can be enjoyed by many generations to come.

2024/0993/P	Archie Ward	51 Frith Street	15/04/2025 12:49:44	SUPPRT	<p>I am writing to express strong support for the proposed redevelopment of the Saville Theatre. This visionary project promises not only to restore a cherished Grade II listed building to its former glory but also to breathe new life into the cultural fabric of the West End.</p> <p>The transformation into a permanent home for Cirque du Soleil's first UK residency will undoubtedly become a major cultural attraction, enriching London's diverse artistic scene. Additionally, the inclusion of community-oriented spaces, a new dining destination, and the citizenM hotel demonstrates thoughtful consideration of local economic and social benefits.</p> <p>The project's commitment to environmental sustainability, notably through improved public spaces and enhanced cycling infrastructure, further underscores its positive impact.</p> <p>Overall, the redevelopment of the Saville Theatre stands as an exciting opportunity to revitalize an iconic landmark, offering substantial benefits to both the local community and London's broader cultural and economic landscape.</p>
2024/0993/P	Chris Dutton	Windsor Court The Pavement SW4 0JF	15/04/2025 09:42:01	SUPPRT	I believe this project must to go ahead. The building in its current state is a shuttered eyesore, which speaks to a dying London. It would be foolish to not let a willing investor bring this corner of London's creative district back to life, with 129 full time jobs once complete, plus hundreds of jobs building and renovating the building, and a world class performing outfit plying their trade permanently in London.
2024/0993/P	Mellissa Bindon	Flat 4, Redbourn House Zoffany Place, Hemel Hempstead	15/04/2025 09:47:41	NOBJ	Very excited to see the Cirque du Soleil' getting a permanent residence in the West End. 2024/0993/P	Kelsey Jamieson	36 Sinnott Road London	15/04/2025 10:35:49	NOBJ	I am really excited about the Saville theatre project, as an avid theatre goer I am keen to see this beautiful building not only restored but future proofed ensuring generations of people can enjoy several different aspects of theatre entertainment. At a time of economic uncertainty I truly feel investing in an iconic British venue is the right thing to do, the project will generate an economic benefit through the creation of jobs, attracting tourists to the area and through revenue generation (£12.6m/yr) there are also social and environmental benefits such as discounted tickets for local residents and cycle parking ensuring sustainable travel to the theatre. It would be a real shame to see the theatre continue to deteriorate over time if the project were not to be approved.
