2025/1301/P	Margaret Harvey	95 Camden Mews NW1 9BU	16/04/2025 12:56:54	OBJ	<p>I am writing to object to this application. I walk through this park every day and love seeing so many children of all ages and their parents/carers enjoying the space and each others company. Many of these children do not have a garden nor a safe place to play so Cantelowes Gardens Play Area serves as a vital resource.</p> <p>In addition, construction has now begun on the new Camden Family Hostel (diagonally opposite on Camden Road) and will be completed within the next year. It is likely that up to 100 plus children will be accommodated and many will no doubt use Cantelowes Gardens as the Hostel outdoor space will be limited.</p> <p>A crowded play space at Cantelowes Gardens will mean possible health and safety and safeguarding measures will need to be put in place.</p> <p>Camden Planning, please take this into consideration when you make your final decision.</p> <p>Thank you.</p>
2025/1301/P	Robert Fisher	57 b Oseney Crescent NW5 2BE	16/04/2025 18:03:52	COMMNT	It is in my view one of the very few sanpits for children in the area. I could not find much about the Import of loosing this Fachliteratur for these wothput a voice. It is mainly 0 to 8 year old using It. The Main threat was the dogs so far. Now an obskure Sport is infringing on It. It makes me feel disgustey as a father of 4 children in Camden.
