Correspondence or information which you send us may therefore become publicly available.

NPPF section 16 and the London Plan (Policy HC1) make the conservation of archaeological interest a material planning consideration.

The variation of plans will not have any additional archaeological impact, therefore the extant archaeological condition should be applied to the revised scheme.

This response relates solely to archaeological issues. If necessary, Historic England's Development Advice Team should be consulted separately regarding statutory matters.

Yours sincerely

Greer Dewdney
