2025/0939/P	Judy East	Flat 48 Southfleet, Malden Road	21/04/2025 08:54:56	OBJ	I am concerned at the proposed reduction in the proportion of affordable housing. Camden needs more family homes that people can afford to live in or what sort of borough are we going to become? Our schools are emptying because families can't find anywhere to live, there's ever more homelessness and temporary accommodation. We need communities, proper residential areas where those communities can develop not accommodation that will end up on AirBnB or go to people looking for somewhere to invest. I urge you to reconsider the ratio of affordable homes in this planning application.
