## Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

Installation of new railings and lighting to existing walls to entrance steps.

Please state why you wish to make this amendment

The existing steps are flanked by low brick parapets with stone coping, which do not provide adequate support for the resident's elderly parents. To improve safety and accessibility, new black-painted metal railings of traditional design are proposed. These will complement the existing entrance detailing, and are in keeping with the historic setting. Similar railings have been installed on nearby properties. The visual impact will be minimal, while enhancing the building's long-term usability for its occupants. Discreet light fittings will also be installed at step level to improve visibility and access.
