Christopher,

I am writing about the development at Swiss Cottage. I have long objected to this because it will be such a huge building in Swiss Cottage and it will cast a huge shadow, physically and mentally over the whole area especially the Play Area.

The objections from people who live in the area have been ignored. I see that the play area is being updated - always a sure sign that Camden Council are about to cause havoc in an area. Already it is difficult to access the Sports Centre and Library.

I will say, as a last word, that the buildings are not too tall and ugly and that the public transport isn't too disruptive.
