Re 2925/0852/P

Dear sir/madam,

This is Laura Di Pietro contractor manager of LFM at Swiss Cottage Farmers Market: in regard to the storey tower proposal. This project seems largely unsustainable for the area is meant to be realised neither only for the clear damage to the farmers market nor only for the vibrant community around it. It is clearly unnecessary also from an aesthetic point of view!

Please reject this plan

Best wishes

Laura Di Pietro
