2025/0770/P	patrick kiernan	64 Stoneleigh Terrace London N19 5TZ	24/04/2025 15:35:36	APP	As a planning condition could all existing and redundant equipment including wires be removed before erection of the new mast. Most of the equipment is probably redundant .Some of it is loose and flaps in the wind.This is potentially dangerous and may cause injury from falling debris.
