2025/1375/P	Judith Goldhill	33 Laurier Rd London NW5 1SH	24/04/2025 18:27:27	OBJNOT	We strenuously object to this application. The scale and bulk is far too excessive for the location with the upper floor towering over adjacent rooflines. And the proposed detail and design language is awkward and starkly contrasts with that of the adjoining properties. Please refuse consent for this application.
2025/1375/P	André Liebling	100 Savernake Road	24/04/2025 13:35:47	OBJ	<p>This would be a huge towering structure looming over the Victorian houses sitting comfortably together in their surroundings.</p> <p>It has an over-designed facade that has no relationship to where it sits in relation to any other houses, and is more suited to the West End of London, resembling a modern bank or corporate building, but certainly not a home or homes as with the surrounding houses.</p> <p>It would be a shame to replace an existing family home & garden with this monstrosity, overlooking and likely blocking light and sunshine from surrounding houses in Dartmouth Park Road and Chetwynd Villas.</p> <p>And seemingly no garden has been proposed.</p> <p>I respectfully request you do not grant approval to this flawed proposal.</p>
