Dear Planning Team

Object to the loss of open space and benches that members of the community use. Many of whom have no access to private outdoor space. Children use the space for play. Children's play space is protected in the Local Plan, as is open space. Both are protected under policy A2, which this proposal negatively impacts. The padel court could go near the wall, so it takes up less space. The court will add visual bulk to an open area, which is detrimental to the park's character. Objecting on behalf of four individuals who live in the area, Katherine Lawlor, Josh Lawlor, David Lawlor and Susan Lawlor. Both act as one household but use the park independently.

Josh Lawlor
