I strongly oppose this proposal because it involves killing 3 strong, mature, beautiful trees that provide welcome shade to the pavement and suit the character of the area, helping to disguise that the hotel is NOT in keeping with the style of the area. The placement of the trees is not inherently bad, and they could design landscape around the trees where they stand. I am extremely disappointed in the landscape architects who put together this thoughtless proposal. It will make the space look more OUT OF KEEPING with the area and kill some great trees.
2025/1345/P	Vadim Toader	8 Rosemont Road  NW3 6ne	28/04/2025 09:26:45	COMMNT	I strongly disagree because this proposal unnecessarily removes 3 mature, healthy trees that help the site blend better with the neighbourhood and sequester carbon
