2025/1375/P	John Chamberlain	11 Grove Terrace London NW5 1PH	29/04/2025 15:08:17	OBJNOT	I live round the corner from this proposed development. I object strongly to the proposal to build a 5 storey block of flats to replace a detached house in a street full of Victorian terraces. The proposal is completely inappropriate for the area. Specifically it is much too tall and will overshadow its neighbours on every side, it will project forwards of the property line and the design is completely incongruous and out of character.
2025/1375/P	Glenn Herweijer	44 Dartmouth Park Road Flat 3 44 Dartmouth Park Road 44 Dartmouth Park Road	29/04/2025 16:02:17	OBJ	Speaking on behalf of all flats here at 44 Dartmouth Part Road (We can all submit seperate comments if it helps) We are all extremely shocked and upset to see this proposal to create this humongous 6 floor overdevelopment of this small site which is completely out of character and in no way preserves or enhances the appearance of the conservation area let alone the loss of daylight to nearby homes. We all heavily object and hope that a more reasonable/thought out plan will be considered.
