Details of the pre-application advice received

On 21 March 2025, a Pre-Planning Application Advice Request was submitted for a proposal to infill the area beside the rear return at lower ground, ground and first floor levels and replacing the existing rear dormer.

On 2 April 2025, Mr Josh Lawlor (Planning Officer) issued written pre-application advice to confirm that a replacement lower ground and new ground floor extension would be acceptable but that the first-floor element should be omitted. The Council requested the rear dormer to be reduced in width and set down from the ridge.

In response to the pre-application feedback, revised plans were submitted on 9 April. These plans showed that, the dormer below the ridge (the same as the consented dormer at No. 2 under planning application ref. 2023/3390/P), the width was reduced, taking up 67% of the roof slope (note, the dormer at No. 2 has a width of 68%, No. 3 is 77% and No. 4 is 77% respectively). Mr Lawlor confirmed the revised dormer would be acceptable in principle.

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
