PLANNING

## NOTES

1. The render to the masonry walls to all elevations will be repaired to match the existing using a lime based render and the elevations will be redecorated a new warmer grey tone, colour to be confirmed.
2. The render to the chimney stacks will be repaired to match the existing using a lime based render.
3. The entablature around the windows and entrance portico, overhanging eaves and all soft wood timber framed windows will be repaired as required and redecorated white to match the existing.
4. The front door will be redecorated a new darker grey tone to compliment the rendered elevations
5. New traditional wrought iron gates at the entrance between the existing brick piers and to the left hand side adjacent with the edge of the house will be decorated to match the front door

Existing airbrick to be removed and wall infilled internally and externally to match existing

New timber slatted binstore with hinged lid and front opening doors, decorated to match the front door D1, dark grey.
