2025/1534/P	Cara Lowy	39 College Crescent House 4 NW3 5LB	30/04/2025 23:56:05	OBJ	I live in 39 College Crescent and my family home will still be severely affected by this new application . The proposed building is still oppressive and overshadows all the gardens where we children play. My neighbour will lose over 40% of daylight and sunlight , our house will lose over 30% sun and day light. How can it be acceptable to rob so many people of day and sun light just to build a boutique hotel that doesn't help young people to get on the housing ladder.

The area lacks good quality hotels and this would be a good thing for my family visiting.
