Supporting information

Outline how the table and chairs will be managed (i.e. management plan)*

1) Management of Tables and Chairs:

Daily Setup and Removal:

Tables and chairs will be placed outside the premises at opening times (8:00 AM Monday to Friday, and from 10:00 AM Sunday) and promptly removed at 22:00.

Furniture will be stored securely indoors overnight, ensuring the pavement remains clear and unobstructed when not in use.

Staff Responsibilities:

Staff members will regularly monitor the outdoor area, ensuring furniture remains within the designated licensed boundary at all times.

Staff will ensure prompt clearing and cleaning of tables, removing litter and maintaining cleanliness throughout operating hours.

Accessibility:

The pedestrian access area (as indicated in the submitted plan) will be consistently maintained clear at a minimum width of 2.5 meters, ensuring adequate passageway for pedestrians, including wheelchair users and those with mobility aids.

Outline what measures will be adopted to minimise noise nuisance and disruption to local residents and members of the public (i.e. management plan).*

Measures to Minimise Noise and Disruption:

Customer Management:

Clear signage will be displayed requesting customers respect local residents by minimising noise, especially during evening hours.

Staff will actively monitor customer noise levels and intervene politely if noise becomes excessive.

Furniture Selection:

Tables and chairs are lightweight and designed to be easily managed without generating excessive noise when moved.

Operational Controls:

Outdoor seating will not feature music, speakers, or amplified entertainment to avoid noise nuisance.

Last orders for outdoor service will be taken 30 minutes before closing times to ensure orderly customer dispersal.

Community Engagement:

A direct point of contact (e.g., management phone number or email) will be provided to nearby residents and businesses for raising any concerns, ensuring swift and effective response to potential issues.

This plan demonstrates our commitment to responsibly managing the outdoor seating area, ensuring minimal impact on local residents and maintaining pedestrian safety and comfort.

Include a risk assessment for the use of electric heaters*

No heaters
