

Dear Ms. Marinetto,

I reside at 3 South Hill Park and am writing to express my full support for the planning application submitted by Kerri Mcevoy, resident of the basement flat at 6 South Hill Park. Kerri and her 13 year old son have been an integral part of the local community for nearly ten years. I understand that the current arrangement of the flat is no longer suitable and that the proposed extension will provide a healthier environment for the son, whose bedroom is too small, as well as make the living space more functional. The new layout will provide ventilation for the kitchen and improve the disbursement of steam and cooking smells.

My understanding is that the applicant purchased the property with the understanding that such a modest extension was permissible and that there are similar developments in the area that set a precedent for this type of improvement. I am aware that at least one individual is objecting based on personal bias, and I trust these concerns will be evaluated fairly and objectively.

This family is a valued and respected part of our neighbourhood, and it would be a blow to the community if this application is rejected and the family is forced to move. I urge you to give full support to this application and to consider the long term benefits to her family as well as the neighbourhood.

Sincerely,
Gale Eisenstodt
3 South Hill Park
