2025/1698/P	Peter Smith	45 Platts Lane	01/05/2025 21:43:22	INT	This application appears to involve considerable excavation and ground works. The location of the property is on the corner of two roads (Platts and Ferncroft) which are extremely busy at rush hour. I hope that a proper traffic management programme is followed otherwise there will be considerable congestion on those roads. For instance there should be no heavy goods trucks loading/unloading at the site during rush hours. There will need to be a proper pavement and road maintenance programme given the high level of pedestrian and vehicular traffic.
