Dear Sir/Madam

DECISION

Planning (Listed Building and Conservation Areas) Act 1990

Listed Building Consent Granted

Address:

**11 Gloucester Crescent
London
NW1 7DS**

Proposal:

Repairs to dormer window

Drawing Nos: Location plan; Heritage, Design and Access Statement; Existing and Proposed Plans; Existing Plans and Elevations; Proposed Plans and Elevations.

The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Location plan; Heritage, Design and Access Statement; Existing and Proposed Plans; Existing Plans and Elevations; Proposed Plans and Elevations.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 Reasons for granting listed building consent:

No.11 Gloucester Crescent is one of a curved terrace of 20 houses built c1840-45 by Henry Bassett, listed Grade II. The terrace of yellow stock brick with stucco dressing is Italianate in style with symmetrical variations in the designs forming linked groups. Numbers 8-11 form a symmetrical group with projecting flanking towers having 3rd floor loggias with paired shaped brackets to the eaves.

Consent is sought to repair the existing dormer along with repair works to the soakers along the edge of the parapet wall and around the Velux window.

It was suggested to the applicants that there was an opportunity to improve both the thermal performance as well as the visual appearance of the window. However, the decision was made to keep the current windows as they are relatively new.

The application has been advertised in the press and by means of a site notice. The response from Primrose Hill CAAC stated that there was no objection in principle to the proposal, but that the CAAC would have preferred to have seen more details and regretted that the opportunity had been missed to install a window of more appropriate design with enhanced energy efficiency. The CAAC also noted that there is no mention of enhanced insulation to the recovered dormer roof.

The proposal is considered not to further harm the significance of the heritage asset. The site's planning history has been taken into account when making this decision.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policies D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2021 and the National Planning Policy Framework 2024.

- 2 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.
- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 4 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 5 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Noise and Licensing Enforcement Team, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (Tel. No. 020 7974 4444 or search for 'environmental health' on the Camden website or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 6 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974.
