2025/1534/P	Zubin	9 New College Court	13/05/2025 09:39:17	COMMNT	I'm a resident directly affected and strongly object. The redevelopment will cause significant disruption during the building process, remove light and access once built, and add no value or use to the community here who will not be users of anything the redevelopment has to offer. The area will see no benefit from a hotel at all, in fact local businesses and restaurants which are used regularly and employ significant numbers of residents, will be lost in place of a needless high rise.
