Dear Sir/Madam

## **DECISION**

Town and Country Planning Act 1990 (as amended)

### **Householder Application Granted**

Address:  
**2 Bisham Gardens**  
**London**  
**N6 6DD**

Proposal: Fenestration alterations to rear elevation at basement, ground and first floor levels.

Drawing Nos: 235-EX-Site-P1; 235-EX-GA01-P1; 235-Ex-GE01-P1; 235-EX-GS01-P1; 235-Pro-GA01-P2; 235-Pro-GE01-P2; 235-Pro-GE02-P2; 235-Pro-GS01-P1, 235-Pro-dE01-P1, 235-Pro-dE02-P1, Infiniglide3 Finepoint brochure.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: 235-EX-Site-P1; 235-EX-GA01-P1; 235-Ex-GE01-

P1; 235-EX-GS01-P1; 235-Pro-GA01-P2; 235-Pro-GE01-P2; 235-Pro-GE02-P2; 235-Pro-GS01-P1, 235-Pro-dE01-P1, 235-Pro-dE02-P1, Infiniglide3  
Finepoint brochure.

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017.

#### Informative(s):

- 1 Reasons for granting permission.

The property is an end of terrace single family dwelling located close to Highgate High Street. The property has three upper floors and an existing basement and backs directly onto Waterlow Park. The property is not listed but does lie within the Highgate Conservation Area where it is a positive contributor.

The property has been extended in the past to infill the gap between the remainder of the terrace and the two-storey closet wing rear extension. The property benefits from a modest first floor terrace area on the roof of this closet wing infill. The proposal seeks to amend the rear basement and ground floor rear windows into the main living space by replacing the existing timber casement windows with a taller sliding powder coated metal framed door with thinner frames, and requires the lowering of the ground floor window sill.

The proposed basement timber casement windows are also proposed to be replaced and slightly enlarged in powder coated metal. There will be a new floorplate facing panel which will be seen externally, in which both the track for the ground floor doors and windows sit. This enables a large bulkhead to be removed internally, which brings more light into both the ground and basement floors. The upper floor will have an internal glazed balustrade to form a Juliet balcony within the room.

At rear first floor, the existing single timber door and window are to be removed and the opening widened to form a double door. The application has been amended to retain a timber painted wooden French door at first floor level, as this is visible from the park above the rear boundary wall.

The proposed changes are considered acceptable because the changes to the ground and basement rear windows cannot be seen from the park or the street and are therefore not considered to harm the character or appearance of the Highgate Conservation Area. The retention of painted timber windows at the first-floor level is also now acceptable as this retains the material and finish of the rest of the windows on the property, which is in keeping with the character

and appearance of the conservation area and is therefore policy compliant. The council has had special regard to the desirability of preserving the character and appearance of the Conservation Area.

As the windows replace existing windows and the roof terrace at first floor level already exists, no amenity harm is created as a result of the proposed works.

The Highgate CAAC and Highgate Neighbourhood Forum have not commented. No objections have been received prior to making this decision. The site's planning history has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies A1, D1 and D2 of the Camden Local Plan 2017 and policy DH2 of the Highgate Neighbourhood Plan 2017. The proposed development also accords with the London Plan 2021 and the National Planning Policy Framework 2024.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at [www.camden.gov.uk](http://www.camden.gov.uk)) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

- 5 The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 ("1990 Act") is that planning permission granted in England is subject to the condition ("the biodiversity gain condition") that development may not

begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- (b) the planning authority has approved the plan.

The local planning authority (LPA) that would approve any Biodiversity Gain Plan (BGP) (if required) is London Borough of Camden.

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These are summarised below, but you should check the legislation yourself and ensure you meet the statutory requirements.

Based on the information provided, this will not require the approval of a BGP before development is begun because it is a householder application.

#### ++ Summary of transitional arrangements and exemptions for biodiversity gain condition

The following are provided for information and may not apply to this permission:

1. The planning application was made before 12 February 2024.
2. The planning permission is retrospective.
3. The planning permission was granted under section 73 of the Town and Country Planning Act 1990 and the original (parent) planning permission was made or granted before 12 February 2024.
4. The permission is exempt because of one or more of the reasons below:
  - It is not “major development” and the application was made or granted before 2 April 2024, or planning permission is granted under section 73 and the original (parent) permission was made or granted before 2 April 2024.
  - It is below the de minimis threshold (because it does not impact an onsite priority habitat AND impacts less than 25 square metres of onsite habitat with biodiversity value greater than zero and less than 5 metres in length of onsite linear habitat).
  - The application is a Householder Application.
  - It is for development of a “Biodiversity Gain Site”.
  - It is Self and Custom Build Development (for no more than 9 dwellings on a site no larger than 0.5 hectares and consists exclusively of dwellings which are Self-Build or Custom Housebuilding).
  - It forms part of, or is ancillary to, the high-speed railway transport network (High Speed 2).

#### 6 + Irreplaceable habitat:

If the onsite habitat includes Irreplaceable Habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements. In addition to information about minimising adverse impacts on the habitat, the BGP must include information on compensation for any impact on the biodiversity of the irreplaceable habitat. The LPA can only approve a BGP if satisfied that the impact on the irreplaceable habitat is minimised and appropriate arrangements have been made for compensating for any impact which do not include the use of biodiversity credits.

++ The effect of section 73(2D) of the Town and Country Planning Act 1990

If planning permission is granted under section 73, and a BGP was approved in relation to the previous planning permission ("the earlier BGP"), the earlier BGP may be regarded as approved for the purpose of discharging the biodiversity gain condition on this permission. It will be regarded as approved if the conditions attached (and so the permission granted) do not affect both the post-development value of the onsite habitat and any arrangements made to compensate irreplaceable habitat as specified in the earlier BGP.

++ Phased development

In the case of phased development, the BGP will be required to be submitted to and approved by the LPA before development can begin (the overall plan), and before each phase of development can begin (phase plans). The modifications in respect of the biodiversity gain condition in phased development are set out in Part 2 of the Biodiversity Gain (Town and Country Planning) (Modifications and Amendments) (England) Regulations 2024.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with the National Planning Policy Framework. The council publishes its adopted policies online, along with detailed Camden Planning Guidance. It also provides advice on the website for submitting applications and offers a pre-application advice service.

You can find advice about your rights of appeal at:

<https://www.gov.uk/appeal-householder-planning-decision>.

If you submit an appeal against this decision you are now eligible to use the new [submission form](#) (Before you start - Appeal a planning decision - GOV.UK).

Yours faithfully
