Dear Sir/Madam

DECISION

Town and Country Planning Act 1990

Certificate of Lawfulness (Proposed) Granted

The Council hereby certifies that the development described in the First Schedule below, on the land specified in the Second Schedule below, would be lawful within the meaning of Section 192 of the Town and Country Planning Act 1990 as amended.

First Schedule:

Erection of single storey outbuilding in rear garden for purposes ancillary to use of main dwellinghouse, including alterations at rear to provide replacement timber frame glazed door and fixed glazed panels at ground floor level and replacement of timber frame sash window at 1st floor level with 2 x double glazed, timber frame sash windows.

Drawing Nos: (TRS027_)EX_000, 001, 002; (TRS027_)GA_100 rev B, 200 rev B, 201 rev A.

Second Schedule:

82 Harmood Street
London
NW1 8DS

Reason for the Decision:

- 1 The proposed outbuilding is permitted under Class E of Part 1, Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).
- 2 The alterations to provide replacement glazed door/panels at ground floor level and 2 x windows at 1st floor level as shown on the drawings listed in the First

Schedule are permitted under Class A of Part 1 of the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended.

Informative(s):

- 1 You are reminded that this decision only grants permission for an outbuilding used for purposes incidental to the existing residential use of the dwelling house. Any alternative use of the outbuilding for temporary accommodation, i.e. for periods of less than 90 days for tourist or short term lets etc, would constitute a material change of use and would require the grant of planning permission.
- 2 The development would only constitute permitted development if the materials used in any exterior work to the existing rear extension subject to the grant of this certificate, shall be of similar appearance to those used in the construction of the exterior of the existing dwelling house, in accordance with Condition A.3(a) of the Town & Country Planning (General Permitted Development) Order 2015.
- 3 You are advised that in order to comply with the parameters of permitted development as set down in the Town & Country Planning (General Permitted Development) Order 2015, you must ensure that the works do not consist of or include the cladding of any part of the exterior of the dwellinghouse with stone, artificial stone, pebble dash, render, timber, plastic or tiles.
- 4 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 5 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 6 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)
