

Dear Sir / Ms

Regarding the planning application for the map Cafe

The `Map Cafe is a much loved Music venue of long standing

To see its imminent closure is a absolute disgrace

Especially by a council who like to live off the back & like being in the centre of the music & arts world.

As a local who frequently travels bye. Ive never heard any excessive, loud music or been aware of noisy crowds leaving the premises

Grafton road is a main road one has to expect some noise by passers by

The complaints from some residents are completely exaggerated

They do seem to come from a very small minority of residents, some of whom are more interested in property speculation.

Buy cheap, then close everything, make a substantial profit & leave to there country homes.

I must say in these very difficult times

Its quite disgraceful that you want to close any business down,

This music venue is part of our community Its helped so many young people.

It provides a creative space for us all

Surely a compromise can be reached.

Give them there license so they can continue

Yours Sincerely

JonJon Campbell
