

Planning application 2025/1677/P: 17 Courthope

We live at number 13 Court Oak Road. We strongly object to the overdevelopment at this house, which could compromise the foundations of our own house. Also, there has to be some acceptance of the amount of disturbance this would create. We have suffered for almost 2 years now from the overrenovation of number one Court Road. Please keep things in proportion.
