2025/2044/L	Henry Lamprecht	13a Doughty Street London WC1N 2PL	18/05/2025 11:10:30	SUPNOT	This is simply a restoration to its original intended use as a family home. A simple search will demonstrate that there is an over provision of office space in this immediate area and therefore a conversion back to residential will be welcomed. As a neighbour two doors away, this is a very welcome change. The character of the area is changing away from commercial and back to residential. There are now more families with children on the street and a real sense of community is growing. This is demonstrated by the number of community organised street parties where the community on Doughty Street and John Street and the associated News all get together as a community and celebrate together. This conversion of 11 Doighty Street will no doubt make a positive contribution to that emerging community cohesion and is strongly supported.
