Dear Zoe & Merlin,

**RE: 111 FROGNAL**

Thank you for your letter dated 23<sup>rd</sup> July 2020 which confirms your previous verbal advice that you wish to appoint us as Structural Engineers for you project.

Hopefully the drawings that we have collaboratively been working on will be sufficient for your application to discharge outstanding Planning matters.

In the meantime we look forward to developing a full set of construction drawings and specification.

Yours sincerely

David Rose
