It adds so much life to the area, gives people a reason to stop, enjoy, and spend time here. In a part of London where everything costs something, it's great to have something free that brings the community together.
2025/1833/P	Jane Zambrano	St Giles Piazza	21/05/2025 17:53:24	SUPPRT	As a local resident, I'm really pleased to support the return of the big screen to St Giles this summer. It creates such a great atmosphere, brings people together, and gives us something fun and free to enjoy right on our doorstep. It's exactly the kind of energy the area needs.

2025/1833/P	Laura Pankhurst	Bedford Avenue	21/05/2025 18:01:03	SUPPRT	St Giles comes alive when the screen is up. It turns an ordinary square into something special. In a busy, it's rare to find that. As someone who calls this neighbourhood home, I'd love to see it return.
