2025/2133/L	Jonathan Byatt	129 South End Close  London Nw3 2rf	23/05/2025 07:44:27	OBJ	Objection: the Horse Trough is a historical feature of the area. Its placement speaks to how the trough was used. Relocating this to the back of the pavement will merely turn it into an overlooked planter. It's current position reminds viewers that horses would stop alongside the road to receive refreshment. being next to the roundhouse also reminds the transition from horse to steam. It may seem a small matter, but being in its current location preserves a piece of history.
