2025/1982/P	Gladys Ching	20 Alban House 5 Sumpter Close	24/05/2025 17:02:08	OBJ	<p>The conversion of Lief House from offices to self-contained dwellings will greatly disrupt all the residents of Alban House.</p> <p>They proposed to construct a plant, (to accommodate building material and machinery), in the public carpark behind the existing building. The paid carpark spaces are usually full every day and makes access to the Alban House garages very difficult. With an additional plant installed and taking up carpark spaces, access to the garages can be quite impossible.</p> <p>Kindly consider my view.</p>
