**Subject: Planning reference : 2025/2085/T - 17 St Marks Crescent**

**I understand there is a planning application for the destruction of a pear tree at 17 St. Mark's Crescent. I would like to object to this application. The tree forms an important part of the view from my rear windows and garden and is in beautiful condition. It would be such a shame for us to lose such lovely trees that make our city so much easier to live in and of course help us combat higher CO2 levels.**

**Yours sincerely**

**Mike Burton**
