Hi
I am so sorry to be late but I hope you will take this comment into account.
I am strongly SUPPORTIVE of this application. I live nearby in Alma Street. I have lived here for 25 years and have never been disturbed by the evening events at MAP cafe. On the contrary they make a positive contribution to our neighbourhood and I would be very unhappy to lose them. I just can't understand why people would object now to MAP when nothing has changed - MAP has been an evening music venue for many many years.
Camden has been losing many music venues. I believe we should strongly support those that remain in order to ensure that Camden retains its distinctive personality.
I urge the Council to support this application and allow MAP to continue to operate to 11pm at night as it has done for years.
