Subject: Diseased Cherry Tree, 30A St Augustines Road, NW1 9RN

Dear Camden Planning Department,

We need to do something with our cherry tree that's on our boundary wall with our neighbours at no. 32.

We planted the tree about 30 years ago.

We've had the RHS and a landscape architect both advise that it is diseased and one side of it that branches principally over the neighbours back garden is dead and is therefore dangerous.

Can we seek your permission for it to be cut down?

Please advise.

Bw

Mr Wright.
