2025/2085/T	Lionel Saph	18 Regent's Park Road Primrose Hill London NW1 7TX	02/06/2025 15:46:21	OBJ	The tree provides part of the pleasant environment to the gardenscape behind my house; The tree provides useful amenity - privacy from other gardens/windows for my bedrooms' windows; I do not see how the tree can be felled to the ground as it is not in the applicant's garden and (I understand that) the owner of the tree objects to its felling;
2025/2085/T	Robert and Ann Marie Starr	20 St. Marks Crescent London  NW1 7TU	03/06/2025 12:13:29	OBJNOT	<p>Sir:</p> <p>Ref: Application No 2025/2085/T 17 St Mark's Crescent, London NW1 7TU</p> <p>As directly affected residents, we strongly OPPOSE this application for permission to fell a beautiful pear tree in the garden of our neighbour at 17 St Mark's Crescent NW1 7TU. This tree is mature, attractive and healthy. It provides much needed shade for our own small rear garden. Importantly, it also provides us with protection from overlooking, and helps give us privacy in our garden. The tree contributes to protecting urban green spaces and promoting environmental sustainability in LB Camden, and helps support bird life in this difficult urban environment. It also contributes to the well-being of all the residents who are able to admire its beauty from their windows. There is no logic to the destruction of this much admired tree.</p> <p>We respectfully request LB Camden to refuse this application.</p> <p>Robert and Ann Marie Starr 20 St Mark's Crescent London NW1 7TU</p>
