Dear Jagdish

Further to your letter of today's date, noting that our application has been received as invalid, I herewith reattached the proposed drawings with the words "AS PROPOSED" written on them, along with the drawing files downloaded from the council's own servers and I have marked "AS APPROVED" on them.

The original application also included for revised drawings so I have put a red line through any drawings, found on the council's servers, which are not current.

I trust that this concludes the validation matters and the application can be passed for consideration.

Yours sincerely

Karen Chalklin
