NOTE:

The Contractor is to check and verify all building and site
dimensions, levels and sewer invert levels at connection
points before work starts.

This drawing must be read with and checked against any
structural or other specialist drawings provided.

The Contractor is to comply in all respects with the
current Building Regulations whether or not specifically
stated on these drawings.

This drawing is not intended to show details of
foundation or ground conditions. Each area of ground
relied upon to support the structure depicted must be
investigated by the Contractor and suitable methods of
foundation be provided.

This drawing is to be read in conjunction with all other
standard Mitchells and Butlers specifications and
documentation.

© This drawing remains the copyright of
Mitchells and Butlers.
