

The Heath & Hampstead Society

P.O.BOX 38214 LONDON NW3 1XD

The Society examines all Planning Applications relating to Hampstead, and assesses them for their impact on conservation and on the local environment.

To London Borough of Camden, Development Control Team

Planning Ref: 2013/1059/P

Address: The Garden House, Vale of Health NW3

Description: Further extensions.

Case Officer: Charles Thuaire

Date 6 March 2014

This application is for minor extensions to the proposals already permitted; we suppose the applicants will think that we have all grown tired of objecting to the never-ending list of their applications.

We have, however, have not given up. We have seen the letter of objection dated 5 March 14 from the Vale of Health Society, which expresses precisely our continuing opposition to the applicants' campaign; please take this as our confirmation of their position.

We emphasise in particular the totally unacceptable situation regarding the impact this construction work would have on the inhabitants of the Vale of Health. We, and the Vale of Health Society, raised detailed objections to the *completely unworkable* and publicly dangerous Construction Management Plan submitted with the last set of applications; you have permitted this, against all the evidence presented. The least we, and V of H residents, expect is that your officers monitor any construction work on an hour-by-hour basis, and stop instantly any that contravenes the (absurd) provisions of the Plan. We are sure that local residents will be vigilant and will keep your Enforcement officers very busy.

Please refuse.
