2014/0962/P	Mr Ed Harris	7 Twisden Road	26/02/2014 23:13:15	SUPPRT	<p>i live in twisden road and having been granted similar planning permission for such a side return extension i can say from experience that this is a very good thing for the house- it is a huge bonus to the experience of family life. it helps the street, as it augments the family friendliness of the houses. with almost zero effect to any neighbours, the benefits to family living are enormous.</p>
