2013/8265/P	Mr Christopher Wolfe	36 Jamestown Road Flat 5 The IceWorks  NW17BY	03/02/2014 13:04:20	OBJ	<p>I'm writing in response to the planning application Ref: 2013/8265/P (Bewlay House) and want to express my concerns. I am the owner of Flat 5, 36 Jamestown Road (The Iceworks) and share a wall with the Bewlay House. I'm very concerned with the planning applications to extend the height and the canal side balconies.</p> <p>Regarding the balconies and canal side extension – I strongly object to any changes that would extend the Bewlay house further onto the canal. Given I share a wall and my balcony is on the canal, this will be very disruptive to views, light, privacy, property value and personal living during the renovations. The current facade including the Iceworks and Bewlay make a straight border to the canal and should be left unchanged. This is my prime objection as it will destroy my outside living space.</p> <p>I am also concerned with the height extension, as all flats along the canal suffer from natural sunlight and any height extension will severely disrupt this. Attempts by the new flats across the canal on Oval Road were rejected recently for the same reason and we do not want a precedent set by allowing for taller buildings.</p> <p>Kindest Regards,</p> <p>Chris Wolfe &amp; Leila Martine Wolfe</p> <p>Owner 36 Jamestown Road Flat 5, The Iceworks London, NW1 7BY</p> <p>07540690384</p>
2013/8265/P	Professor Michele I Dische	11/36 Jamestown Rd  NW1 7BY	04/02/2014 10:35:20	OBJ	<p>We have objected to features of the previous application for planning permission and now object to features of the present one. The Ice works Management Committee have gathered comments and the Chairman has prepared a detailed document which we entirely support.</p> <p>Michele and Stan Dische 11/36 Jamestown Road NW1 7BY</p>

2013/8265/P	Mr Allan S Wilson Resident	13 Iceworks 36 Jamestown Road  London NW1 7BY	06/02/2014 17:54:30	OBJ	I wish to raise the following objections to this proposed scheme. 1/ it appears to breach the height limit of the adjacent buildings, the Holiday Inn and 34 and 36 Jamestown Road 2/ it seems to unnecessarily push out further toward the canal potentially reducing the amenity of the balconies at 36 Jamestown Road 3/ it is destroying employment in the area at a time when the employment situation may be more vulnerable because of disruptions caused by the HS1 link around the Stables and along the north side of the canal 4/ There is potential noise pollution from the proposed mechanical services to be located on the roof. 5/ the extra construction work involved may add to what will already be difficult access and circulation if it coincides at all with HS1 Link Please notify me of the Committee date
