2014/0355/P	Meredith Whitten Covent Garden Community Association	42 Earlham Street WC2H 9LA	02/02/2014 17:59:01	OBJ	<p>Objection. As noted in the Seven Dials Renaissance study (see attached), which Camden adopted for planning purposes, the shopfront at this location was traditionally timber. Thus, the proposed steel shopfront is highly inappropriate and does not reflect the character of the conservation area.</p> <p>Further, the CGCA objects to internally illuminated signage, which is inappropriate in a conservation area, as noted in Camden Planning Guidance 1 (Design). Signage should be externally illuminated.</p> <p>(NOTE: Attachment emailed to Planning email address.)</p>
