2013/6627/P	Mr Fabien Beugre	25 Sherriff Road  NW6 2AS	11/01/2014 13:51:20	OBJ	<p>We are the owners of 25 Sherriff Road, our garden backs onto the rail line and so we are directly opposite the construction site on the other side of the rail line.</p> <p>Our concern is that building tall buildings in that location will have an impact on the direction of the noise coming from the rail.</p> <p>At present the sound can travel freely towards the north, while if this project goes ahead it will bounce off of the buildings in front and have a much bigger impact in our direction. Is the council going to do something or impose the developers to install some kind of sound barriers on the other side of the railway too, in order to compensate current landlord from the sound impact of their development? If the answer is no, we would be very much against this project going ahead as it would potentially mean a lot of expenses for us (new windows for example) in order to keep noise at the same levels as it is currently.</p>
2013/6627/P	Miss Michelle Sweeney	11 Sherriff Road  NW6 2AS	07/01/2014 21:12:01	COMMNT	<p>I do not agree with the planning application.</p> <p>A building 12 storeys high will obscure the view from my window which will result in loss of daylight and privacy as people will be able to see in my front room and bedroom.</p>
2013/6627/P	Mr S H	Iverson Road  NW6 2HL	09/01/2014 12:13:50	OBJ	<p>I am opposed to this application as the infrastructure is not capable. The area is too busy already and we do not need even more retail facilities. How about an open green space for leisure and wildlife - not just a token tree or two next to the tower blocks.</p>
