| 2013/7485/P | Selina Skipwith | 37 Willow Road London NW3 1TN | 13/01/2014 21:18:42 | OBJ | <p>My husband and I are writing as concerned local residents to strongly object to the above three applications for lawful development certificates. As residents of Hampstead Conservation Area and Grade II listed Willow Cottages we have put up with unapproved building works at 15 Gayton Crescent for long enough. It is high time that Council took appropriate action, by rejecting the three applications, and ordering demolition and re-instatement to return the rear of the property to the state it was in before the unapproved works began.</p> <p>We respectfully request that the applications be referred to the DCC, because of the complexity of the issues involved, the significant local interest and the likelihood that the householders will appeal.</p> |
