Application ref: 2013/7237/P

Associated ref(s):

Date of consultation: 27 November 2013

Proposal: Installation of 4 x rooflights on front elevation (following removal of existing) and widening of existing dormer, and 2 x rooflights on rear and replacement of existing rooflight on lower split roof level of dwellinghouse.

Comments: OBJECT NO OBJECTION COMMENT
(Please tick as appropriate)

We are surprised at the extent of the consented developments both in end-of-garden outbuilding and basement link. The latter is bound to be increased in the future. The amount of rooflights seems excessive and the widened dormer would be too close to the road hip. The rooflights threaten considerable light pollution in a sensitive location close to the Heath.
