Site Height	21m	Site Easting	529740
		Site Northing	182540

Coverage Key	■ Indoor/Outdoor	■ Outdoor only
---------------------	--	---

Site Justification: This site is required by UK Broadband to provide 4G coverage to the area and buildings around The Euston Station. It was chosen based on its suitability as a radio site given its location, height and fit within the surrounding 4G network with a view to providing contiguous 4G coverage in London.
