Chief Planning Officer  
London Borough of Camden  
Euston Road  
LONDON NW1

For the attention of Miss Zachariah

Dear Sir

RE VERULAM HOUSE, 56-62 GRAY'S INN ROAD, LONDON WC1

As agreed, please find enclosed four copies of drawings nos 1857/TP02A showing revision to provision of car parking for the above development in accordance with the Camden Environmental Code, i.e. 4 no. spaces for the use of the occupant with the possible provision, subject to the agreement of the developer, of a further sixteen spaces for leasing by the local authority for use by specified third party.

Also included are four copies of drawings nos 1857/TP10A and TP11A showing revision to fenestration, viz provision of spandrel panel between ground and first floor windows finished in bronze anodised aluminium or similar as response to observations made by the Borough Architect.

Would you please substitute these drawings for those now superseded, as part of the planning application.

Yours faithfully

M.A. SHERGOLD
