Dear Planning people in Camden,

I'm writing to object the the planning application of the building that is giving a home to Triyoga and will have tremendous impact on people in Primrose hill and all of London.

I personally travel from Hackney to Primrose Hill often to visit Triyoga as it is in my opinion the best Yoga studio in Europe. It has the best teachers, gives access to a lot of treatments of amazing therapist, without which I would without doubt keep bothering my GP about my back problems constantly.

Please consider the impact on everyone who visits and works at Triyoga (physical and psychological health, income, community spirit, etc...) when making a decision about the planning permission.

Thank you for your time to read this.

Dine
